FUNDRAISING FOR SCHOOLS ...

WITHOUT THE HEFTY FEES™

Donations4Education provides top-quality, online fundraising opportunities to schools without taking high percentages or lofty up front fees. Donations4Education.com was founded by Joe Acklin, former PTO President after paying 25% in fees to an online fundraising company.

We specialize in online fundraising for schools of all sizes at a low cost. Our platform does not only process credit card, check and cash donations, it also allows you to create competitions with online leaderboards for both fundraising and student activity (reader, exercise, etc) during the fundraiser to engage school families. Advanced reporting and an email portal allow you to identify and communicate with non participating families early, allowing for fundraising success.

Start your next fundraiser with Donations4Education!
